## Introduction

El Shaddai Refrigeration and Airconditioning LLC (Dew Cold) is a one of the global supplier in refrigeration and air conditioning solutions. Headquartered in New York, USA, we are committed to delivering advanced, eco-friendly refrigeration technology to clients worldwide. Our manufacturing facility, located in Bangalore, India, operates under the guidance of our USA-based management team, ensuring top-tier quality and consistency.

With over 30 years of industry expertise, Dew Cold focuses on B2B solutions and contract manufacturing for renowned global brands.

## Our Expertise

- **Reliable, High-Performance Equipment:** Engineered for superior temperature control, durability, and efficiency.
- **Eco-Friendly Solutions:** Pioneering energy-efficient, sustainable refrigeration technology.
- **Global Presence:** Operating across 50+ countries, with active markets in the Americas, Europe, the Middle East, Africa, Asia, and Australia.
- **24/7 Support:** Offering round-the-clock assistance, from equipment selection to commissioning support.
- **Premium Components:** Employing only high-quality electrical and control components to ensure top performance.

# Our Journey

## VISION

To become the most trusted partner in the refrigeration industry by driving sustainability and innovation.

## MISSION

To deliver high-quality, energy-efficient refrigeration products, foster long-term partnerships, and contribute to a sustainable future.

## Our Product Range

Our wide array of precision-engineered products caters to diverse industrial needs:

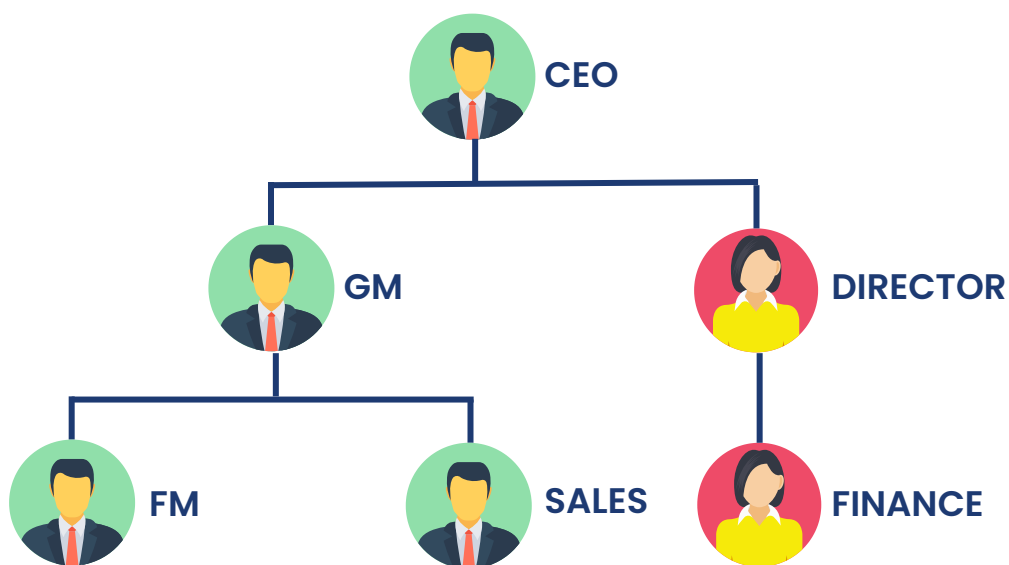

- Condensing Units (1HP to 60HP)
- Evaporators (1KW to 180KW)
- Compressor Packs (10KW to 2000KW)
- Electrical Control Panels (Auto/BMS/PLC)
- Ice Machines (500KG to 50,000KG/HR)
- Air-Cooled & Water-Cooled Condensers (10KW to 2000KW)
- Water Chillers (3TR to 600TR)
- Spare Parts & Accessories: Oil Separators, Oil Level Regulators, and more.

***All products are designed in the USA and assembled in India, ensuring the highest standards of reliability and performance.***

## Our Team Strength

Our success is driven by a team of experienced engineers and management professionals with expertise across mechanical, electrical, and fabrication engineering. Key departments include:

- Fabrication Engineers
- Electrical Engineers
- Design Engineers
- After-Sales Support Team

**Authorized Dealers and Sales Associates worldwide**

## Chairman's Message

**Dear Partners and Customers,**  
Since our inception, El Shaddai Refrigeration and Airconditioning LLC has been fueled by passion, innovation, and a relentless pursuit of excellence. Our journey from a service-based company to a global manufacturing leader reflects our commitment to meeting evolving industry demands.

At Dew Cold, we believe that trust, transparency, and shared success form the foundation of long-term partnerships. With manufacturing excellence in India and design expertise rooted in the USA, we provide products that are not only reliable but also sustainable and future ready.

We are excited to continue innovating and growing together with our partners. Let us build a cooler, greener future—hand in hand!

Warm Regards,

Girish Joseph

Chairman

El Shaddai Refrigeration and Airconditioning LLC

## Why Choose Dew Cold?

- Proven Track Record: Over 3,000 successful projects worldwide.
- In-House Manufacturing: Ensuring faster delivery and reliable spare parts availability.
- Tailored Solutions: Collaborative approach to meet clients' unique needs.
- Comprehensive Training: Offering partner training programs and technical guidelines.

## Global Sales Network

We proudly serve clients across America, Europe, the Middle East, Africa, Asia, and Australia through our extensive distribution and support network.
